THE BOARD OF HEALTH.

ELABORATE REPORT ON FILTRATION BY C. A. BROWN.

Matters at the Leper Settlement—Maternity Home Affairs and Reports of Officials.

The regular meeting of the Board of Health took place yesterday afternoon, with two weeks business on hand.

Inspector Keliipio's fish market report showed that 45,905 and 45,383 fish had been received during the past two weeks.

Dr. Monsarrat presented both weekly and monthly reports on the number of cattle killed and under the Act to Mitigate.

Mrs. Emilie Macfarlane, treasurer of the Maternity Home, filed her report for the month of November, showing receipts amounting to \$1426.64; disbursements \$306.15; balance on hand \$1120.49.

The letters and reports from Agent Meyer, containing the history of matters at the Leper Settlement, were received. Mr. Meyer also reported the death of 10 head of cattle belonging to the settlement and the circumstances which in his opinion led to it. Mr. Meyer was ordered to notify proprietors of coffee houses at the settlement to furnish their own fuel.

George Boardman appeared before the board in relation to a request made by him in writing that he be allowed to bring certain Chinese immigrants from the agricultural districts of Northern China direct to Nagasaki for examination by inspectors of the Hawaiian Government instead of taking them to Hongkong. After some discussion action on the request was deferred.

Dr. Eldredge, the inspector of the Hawaiian Government in Japan, reported cholera and dysentery epidemic in certain portions of that country. U. S. Consul Connelly at Kobe had declared that city an infected port, there being 153 cases of small-pox and 95 deaths previous to the departure of the Belgic.

Police officer Moan was appointed an agent of the Board of Health in order that he might be better able to attend to the business of impounding stray dogs.

Member C. A. Brown presented an elaborate report on "Filtration," together with a mass of data he had collected during his recent visit to the United States. It was referred to a special committee composed of the physicians of the Board for further discussion.

"Put Me Off At Buffalo."

The title of this wellknown song as well as the song itself emanated from the brain of an employe of the Buffalo Brewing Company. That enterprising firm, believing that a man who could compose so catchy an air must have a large and well balanced brain, straightway raised his salary. This has proven to be a good move on their part as is testified by the excellent qualities of their beer, which is dispensed over the bars of the Cosmopolitan, Pacific and Royal saloons at the rate of two glasses for 25c.; half and half is also served at the same price. It is always fresh and cold and life-sustaining. Or you can get one glass of Buffalo and one of Pabst beer, the fine product of the Milwaukee brewery. Exchangeable checks good at all the above-mentioned resorts are given in change if you only want one drink. "Best beer ever in Honolulu," is the verdict of many of our prominent citizens.
